Breast Cancer Awareness Month

“Breast cancer is the second leading cause of cancer-related deaths among American women. During National Breast Cancer Awareness Month, we renew our commitment to fighting this disease, raising awareness, and supporting those affected by breast cancer.” ~A Proclamation by the President of the United States of America.

Breast cancer awareness month is there to remind us that even though we don't want to think about it, such things are still out there, so tell your mother or any woman you know over 40 that this month would be great to go see your doctor and have a screening, and to help out those who do have breast cancer, through one of the various charities or just by a simple act of kindness. One out of every eight women will be diagnosed with breast cancer. It is estimated that 182,460 women will be diagnose with breast cancer, and that 40,480 women will die from it in 2008.

World Smiley Day! (Oct.7th)

World smiley day is the celebration of the very popular yellow smiley face. The point of this day is to make people smile, and show random acts of kindness. Believe it or not, there is actually a proclamation of this day, made by the U.S. Congress. The smiley face became so popular, that the U.S. Postal Service issued a stamp with the smiley face on it. This year, the Harvey Ball World Smile Foundation has teamed up with a bakery in Manhattan to send smiley face cookies to US soldiers serving over seas.

Cool Quotes:
